DARK IRREGULAR

Book 1

KAITLYN LEGASPI

A world consists of two planes of existence. There is the world of the living, where humans, elves, and every whole-spirited creature breathe. Then there is the Void, where demons and beings made of pure darkness, shadows, live.

Almost fifteen years ago, these shadows brought the deaths of the Kingdom of Sylene's beloved king and queen and the disappearance of their newborn baby. In the present day, the kingdom remains in the capable hands of a young queen, her major generals, and their knights but is constantly threatened by the growing number of shadows that enter the living world.

A secluded young orphan named Kanna is one of the new apprentices that have been chosen to be trained for the purpose of defeating these shadows. Suddenly called upon to become a knight's understudy, she is escorted to the palace by two older apprentices. Along the way, she is attacked by the shadows, much to the apprentices', knights', and even the major generals' confusion.

While Kanna is figuring out why the shadows are targeting her, something else occupies her mind. Every time she is knocked unconscious by a shadow, she has familiar visions about a little boy she vaguely recognizes. Kanna eventually finds the boy that keeps appearing in her dreams. However, she meets him as a price due to the presence of a darker, more powerful entity: the Dark Irregular.

WHITE BLOSSOM

Book 2

KAITLYN LEGASPI

It has been seven months since the transfer of the Dark Irregular into Kanna as well as the loss of her memories of her dear friend, Kenneth. Life has been normal for the young apprentice of Division Thirteen, but throughout the endless days of tedious and disciplined training, studying, and spending the occasional day with her friends, Kanna has been feeling empty despite being filled with the presence of her new irregular.

After seven months of the same daily routine, a family from the minor kingdom of Rohnay arrives to have a meeting with the queen and inform her of the eight Dense Shadows that have been raiding towns and cities on the border between the east and west sides of Sylenia. These same, alarmingly human-like, Dense Shadows suddenly strike the Palace of the Crimson rose during the new knighting ceremony. Kanna finds one of them oddly familiar.

As one of the apprentices chosen to seek and eliminate the eight Dense Shadows, Kanna is eager to figure out the reason behind their raids as well as why that one shadow seemed familiar. To her horror, the raids and shadow are the least of her worries, for there is a high possibility that one of the dark queens is trying to breach the wall that keeps the two parallel worlds apart.

And she is not afraid to use any means necessary to do so.

GRAY HEART

Book 3

KAITLYN LEGASPI

After a year of having two irregulars sealed inside of her, Kanna has shown no sign of ever regaining her lost voice or taken emotions. As a result, life has become more monotonous and repetitive than it was after the first transfer, and Kenneth and her close friends are starting to give up on the idea of her former self ever returning.

Thankfully, a new sport known as Soul Slicing has risen to newfound popularity and has given her a single reason to feel a semblance of a rush of excitement. Unfortunately it is also the bringer of some unexpected news the queen declares on Kanna's seventeenth birthday: her marriage to one of five champions of Sylenia as a condition of the merging of the two sides of the kingdom.

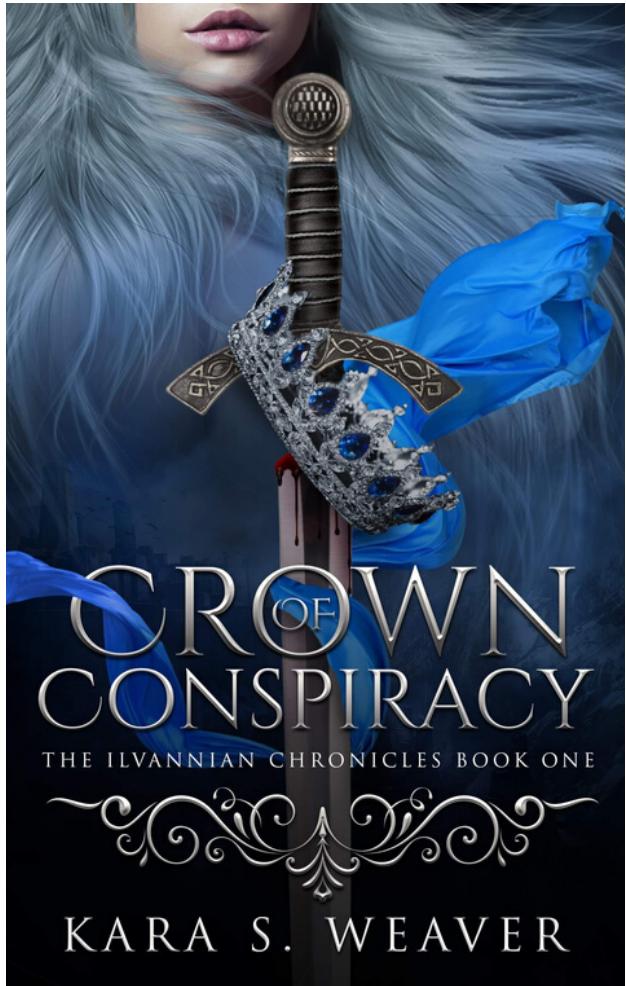

As the competition to gain the princess's favor ensues, she learns more about her origins, her powers and the devastating fate that she will do her absolute best to change.

THE POWER OF CONVICTION

Book 1

CATRIN RUSSEL

The Prime Series

The Darkness was closing in over the Midlands, with the Priesthood being the only one daring to stand up against its terrifying presence.

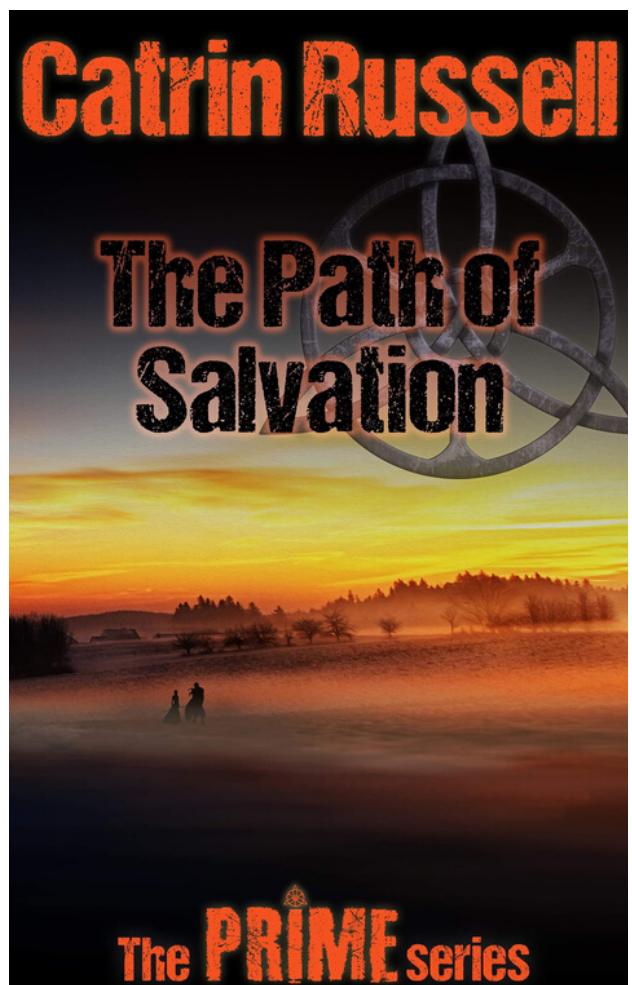

Trained in the arts of the Light, the priests walked a bloodied path through the scores of demons, seeking to rid the world of their unholy presence. But the fight against demonkind was becoming increasingly perilous, and danger rose to threaten the Priesthood's very survival.

The priestess Anaya stands resolute in her conviction. Despite the dangers she must endure along her dedicated path, her unwavering faith in the Goddess and Her divine supremacy doesn't falter. She's set on following the orders of her High Priest, no matter how gruesome.

Until one day, when all her beliefs are challenged...

A fateful meeting with the elusive demon Samael opens the doors to doubt and Anaya begins to question the very path of the Priesthood and of all those steadfast in the preachings of the Goddess.

Were they wrong about demonkind? Was her purpose in life truly for nought?

THE PATH OF SALVATION

Book 2

CATRIN RUSSELL

The Prime Series

The stench of death within the interrogation cave no longer disturbs the High Priest. Nor do the wails and screams of the demons within.

He drives his priests with fanatic fervour to perform more hunts, get him more prisoners for his demonic experiments and slaughter any demon that gets in their path. Not even little demon children are allowed to escape his righteous wrath. Watching her beloved Temple village transforming into an army training camp, Anaya finds herself increasingly torn. Especially since her past encounter with the elusive demon Samael has brought unexpected consequences to bear. She seeks a course to deliverance, attempting to pave her own way through the blood and gore.

Back among his brethren, Protector Prime Samael, of the Panther Tribe is fighting his own battles. Breaking the rules and acting solely on instinct on a fated night has cost him dearly. A primordial bond now sings in his veins, and he fights against its unyielding call. Torn in between resentment, desire and need, he must pave his own path, in pain, suffering and sorrow. Past horrors returned to haunt the present, ancient prophecies brought to life, and in the centre of it all, two paths forged in both Darkness and Light.

Where will the Goddess lead them?

She graduated summa cum laude with a Bachelor's degree in Creative and Technical Writing from Adrian College and graduated summa cum laude with a Master's degree in Rhetoric and Composition from Indiana State University. While at ISU, she taught Freshman College English for two years before moving back to Michigan and becoming a Senior Technical Writer for the next 15 years. She had published a novel, short stories, and several poems under a pseudonym for years, but her friends and family kept trying to convince her to publish under her real name. Her book "Shattered" was written back in 1993 and published under a pseudonym. It took Sherrie 23 years and a lot of convincing by her friends to finally get the courage to publish it under her real name. Once she had the novel published, she realized that this was what she wanted to do for the rest of her life; she had found her calling as an author and publisher. Sherrie opened her own publishing company, Sanhedralite Editing and Publishing, where she not only publishes her own work but also assists writers in getting their fiction, nonfiction, and/or professional works created, edited, and published. Sherrie has written many novels, two collections of poetry, and many short stories. When she is not working (which is rare), she enjoys listening to Duran Duran (she's been a stalker, I mean fan, since 1979), spending time with her three children, and traveling to warm, sunny places. If you enjoy her books, please leave a review on the Amazon sales page and on other book lover websites such as Goodreads and Pinterest to help promote her works to others. [Weaver's World of Fantasy](#)
[Kara_S_Weaver](#)

I'm Kara. I live in the Netherlands with my husband, two children and a cat, and teach English in Secondary school.

Fantasy is my first love. It started, age thirteen, when my mother gave me Lord of the Rings. Then, I began travelling to Amsterdam to discover books by a wide variety of fantasy authors. Amongst my first books were the Deverry series by Katherine Kerr. This is where my wish to become an author took fruition.

Sadly, it remained a wish until 2018 when a friend got me to participate in NaNoWriMo. I had nothing to lose, so I grabbed my laptop, dusted off an ancient prophecy I'd come up with in my teens, and started writing for thirty long days, accompanied by coffee, cookies, chocolate and music.

It was shortly after this I realised my wish had become a plan.

As an active nerd, I enjoy too many hobbies, archery, shower-singing, gaming, and caring for an army of cats included. I've been an introvert from birth, so most of my hobbies are solitary.

I specialize in sarcasm, and since I typically have a flat affect and an expressionless face, it slips past people. A lot. Yet to me, it always feels like a drunken pirate has fallen out of my mouth, only to go cursing and bumbling about.

When I write though, words come easily. So, in a world constantly trying to numb us, I aim to write stories that make people feel something.

Hi, I'm Nicola, a 28-year-old, self-published author. The first novel of my Wiccan Romances series, Book 1, Amelia's Story is now available for purchase and I am working hard on books 2 and 3:)

Writing has been calling to me for years and I have often worked on stories in my spare time since school. The initial premise for my current series came to me as an idea when I was supposed to be writing a History coursework during a snow week. However, I initially followed another career path and went to study Law at the University of Huddersfield, having watched Legally Blonde as a kid and deciding to be like Elle Woods. Before deciding to pursue writing full time I worked in a couple of different law firms as a paralegal or an assistant and worked as a fraud analyst at a bank.

Tiffany D Young

Life began in Michigan, with five other siblings. My parents instilled in me the importance of God, family and education. When I lost my brother at twelve, my parents, younger brother and I moved to Vegas. There, I learnt new cultures and variations of life. I filled my days reading and writing and won creative writing awards. Shortly after returning to Michigan, I got viral meningitis. At age 17, the hospital believed with treatment it would be gone in a week, but it didn't. The illness progressed into Encephalitis causing swelling and a scar on my brain. This caused me to become epileptic, have a mood disorder, short-term memory loss and slurred speech. Doctor's said I would never be normal again. But, with my family and God's help, I beat the odds. I graduated, got an Associate of Arts degree and have shelves of read books. But, best of all I wrote a book. Through all of my trials I climbed those mountains and jumped those hurdles and you can too.
